ART

L'assoluta linearità del design di ART riveste un progetto moderno e funzionale. La scelta estetica soddisferà le esigenze del progettista che predilige semplicità ed eleganza, affidandosi alle linee rette e spigolose di un corpo illuminante che diffonde una luce pulita ed omogenea.

Una piastra LED di ultima generazione, un grado di protezione IP66 e la possibile scelta di versioni con cover di finitura integrate disponibili in differenti colorazioni, rendono ART un complemento d'arredo protagonista dell'ambiente.

The absolute linearity of the design of ART encompasses a modern and functional project. The aesthetic style satisfies the needs of designers favouring simplicity and elegance who trust the straight, sharp lines of a light fitting that emits a clean and uniform light. The latest generation of LED plate, an IP66 protection rating and the possibility of choosing integrated finishing covers available in different colours, make ART an interior design accessory leader in light settings.

L'extrême linéarité du design di ART correspond à un projet moderne et fonctionnel. Le choix esthétique répondra aux exigences de l'auteur de projet dont les choix se portent sur l'élégance et la simplicité grâce aux lignes nettes et prononcées d'un corps d'éclairage qui diffuse une lumière propre et homogène. Une plaque LED de dernière génération, un degré de protection IP66 et la possibilité de choisir des versions avec cover de finition intégrées disponibles en différents coloris, font d'ART un complément de l'ameublement de premier plan.

Un oggetto luminoso che diventa un complemento d'arredo. All'interno o in esterno.

A lighting element that becomes a furnishing accessory both indoors and out.
Un objet lumineux qui devient un complément de l'ameublement. À l'intérieur ou à l'extérieur.

ART

Adatto anche ad uso esterno.
 Driver 220 - 240V integrato e moduli Led di ultima generazione. Base in policarbonato bianco, ottenuta da stampaggio ad iniezione proprio. Diffusore in Policarbonato tripla stabilizzazione ai raggi UV, ad alto spessore con finitura PoliGLASS, ottenuto da stampaggio ad iniezione proprio. Guarnizioni in silicone per il mantenimento del grado IP66. Apertura e chiusura a scatto senza viti. Predisposto per viti di sicurezza. Kit di fissaggio per il mantenimento del grado IP incluso.
LED 4000K (N), 3000K (3) o 2700K (2).
 Alimentazione diretta 220-240V.
 Nessun rischio fotobiologico, RG0 gruppo di rischio esente (EN62471).

Also suitable for outdoor use.
 Integrated 220 - 240V ballast and latest generation Led modules.
 White polycarbonate base, injection moulded in-house. Very thick polycarbonate diffuser with triple UV stabilisation and PolyGLASS finish, injection moulded in-house.
 Silicone gaskets to maintain IP66 rating.
 Snaps open and closed without screws.
 Provision for safety screws.
 Securing kit included to maintain IP rating.
LED 4000K (N), 3000K (3) or 2700K (2). LED.
Integral ballast 220-240V.
 No risk of photobiological damage, RG0 group (EN62471).

Egalement adapté à l'usage à l'extérieur.
 Driver 220 - 240V intégré et modules Led de dernière génération.
 Base en polycarbonate blanc, s'obtient du moulage à injection propre.
 Diffuseur en Polycarbonate triple stabilisation aux rayons UV, très épais avec finition PoliGLASS, s'obtient du moulage à injection propre.
 Joints en silicone pour maintenir le degré IP66.
 Ouverture et fermeture à dé clic sans vis.
 Prévu pour vis de sécurité.
 Kit de fixation pour le maintien du degré IP inclus.
LED 4000K (N), 3000K (3) ou 2700K (2) (blanche chaude). Alimentation intégrée 220-240. Pas de risque photobiologique, RG0 groupe (EN62471).
